Student Activist Series

Lily Barnette & Ülvi Gitaliyev

Last year, Ülvi Gitaliyev and Lily Barnette decided to start a newspaper, *The Berea Torch*, to report on local Berea College news. The mission soon expanded to include Berea news for the local town to develop community relationships with the townspeople and the College. Over the course of the year, the publication has received over 36,000 views online. Now, Ülvi and Lily are sharing their story on grassroots student journalism and community building!
