EVENING WITH AN ACTIVIST

✦ **TYRELL BANKS + J.J. KIBOI** ✦

In this talk, J.J. and Tyrell will discuss their political journeys, radicalization process, activism through Building Revolution Anti-Imperialism & Dissent (B.R.A.I.D.), and organizing within and outside the Berea Bubble. They will illustrate why it is essential to center the Global South in our everyday lives and analyze the world through both anti-capitalist and anti-imperialist lenses. Furthermore, they will argue that Pan-Africanism and Marxist-Leninism are fundamental to the total liberation of Africans throughout the diaspora. This provocative conversation aims to spark the revolutionary drive of the Berea College community adhering to Berea College's radical history.
