

# Cross-Disciplinary Training in Sustainable Chemistry and Chemical Processes

**REU Summer 2017**  
Department of Chemistry  
Michigan State University

## RESEARCH ACTIVITIES

- Develop a research question associated with sustainable materials or chemical processes.
- Conduct independent research under the guidance of a faculty member.
- Have the opportunity to participate in professional development activities and to present your work as an oral/poster presentation.

## Who Should Apply?

- Junior or seniors studying chemistry or chemical engineering.
- Women and students from underrepresented groups.
- U.S. citizenship or permanent residency is required.

## Details

- Gain independent research experience and learn about green chemistry.
- Stipend of \$4,500 plus housing and travel.
- Program period: May 19 – July 27, 2017

**MICHIGAN STATE**  
UNIVERSITY
