Degree-Seeking Students by Territory Designation at Entry:

In-Territory	Out-of-Territory	F-1 International	Total
1,125	342	120	1,587
(70.9%)	(21.5%)	(7.6%)	(100%)

F-1 International, 7.6%
Out-of-Territory, 21.5%
In-Territory, 70.9%
NOTE: The category "F-1 International" does not include all students who come to the College from other countries or with substantial international experience. For example, "permanent residents" who may be asylees or refugees are counted as "In-Territory" or "Out-of-Territory" rather than "F- 1 International" depending on residence at the time of application. These students are eligible for federal financial aid that F-1 International students cannot legally receive. In Fall 2013, thirty-three (33) Berea College students were designated as "permanent residents." Also, there are 4 F-1 International students enrolled as exchange students (non-degree-seeking) this fall.

DEFINITIONS OF TERRITORY CATEGORIES

Berea College students are characterized at term of entry by one of three "geographical" categories. They are:

- *In-Territory*: Students who come from much of the Appalachian region and all of Kentucky within the white area in the map below. In-Territory also includes permanent residents (a non-citizen who has formally established residency in the U.S.) and refugees who reside in the territory.

- *Out-of-Territory*: Students who come from outside the In-Territory area, including U.S. Citizens living in foreign countries. Out-of-Territory also includes permanent residents (a non-citizen who has formally established residency in the U.S.) and refugees who reside out of the territory.

- *F-1 International*: Students who are not U.S. Citizens, permanent residents, or refugees.
