DEFINITIONS AND DESCRIPTIONS

African-American Students

Students who identified themselves as "Black or African American" alone or in combination with another race.

Athlete Status during First Year

Students are considered athletes during their first year if they are certified as eligible and added to an intercollegiate team roster. Intercollegiate teams for males are: baseball, basketball, cross country, golf, soccer, swimming (team disbanded after academic year 2012-13), tennis, and track and field. Intercollegiate teams for females are: basketball, cross country, soccer, softball, swimming (team disbanded after academic year 2012-13), tennis, track and field, and volleyball. In Fall Term 2015, the College became a member of the NCAA, Division III (USA South Conference). Prior to 2015-16, the College was a member of the NAIA.

At-Risk and Distressed Appalachian Counties

These are designations given to Appalachian counties from the Appalachian Regional Commission (ARC). Distressed counties are the most economically depressed counties. They rank in the worst 10% of the nation's counties. At-Risk counties are those at risk of becoming economically distressed. They rank between the worst 10-25% of the nation's counties. The county designation, "At-Risk," was added to the Appalachian Regional Commission's designations in Fiscal Year 2006.

Berea Bridge Program

Berea Bridge is a four-week program for approximately 60 incoming students. Participants engage in two academically rigorous courses which introduce them to the academic skills, attitudes, and behaviors that will help them prepare for the Berea College experience. Students are also provided with an introduction to the College's Labor Program, and participate in workshops and activities aimed at helping ease their transition to Berea.

Students are notified about the Berea Bridge program by a letter in the information packet they receive from the Office of First-Year Initiatives after they have committed to the College. Interested students submit their name into a lottery by completing an online survey sent via email. Students are selected randomly, but in numbers that mirror the overall demographic of Berea's population in terms of sex, race/ethnicity, and territory.

Emerging Scholars Program (ESP)

The Emerging Scholars Program (ESP) is a TRiO Support Services grant-funded program that enrolls roughly 70 students in each incoming class and works with them for two years. Each ESP student works one-on-one with an Academic Counselor who provides mentorship, guidance, resources, and supplemental advising to help students achieve their academic, financial, personal, and career goals. Students are enrolled in a quarter credit GST 101: Strategies for Academic Success course in their first-term.

ESP primarily targets students from Appalachian Distressed Counties and students from inner-city urban areas, but considers any student who is low-income, first-generation, or has a documented disability (2/3 of ESP students have to meet two of those criteria). Qualifying students are contacted via email and a mailing about the program throughout the spring, and the ESP staff have a recruitment booth at the Summer Orientation. Students submit an application for the program and are selected in June with priority being given to students who were recruited or have been part of a TRiO program in the past.

DEFINITIONS AND DESCRIPTIONS

First Generation Students

Students who indicated on their Admissions Application, the FAFSA (Free Application for Federal Student Aid), or the Entering Student Survey that neither parent/ guardian has received a college degree.

GST 101 – Strategies for Academic Success, Non-ESP Sections

GST 101 – Strategies for Academic Success is a course for first-year students aimed at supporting their transition to Berea and become active participants in the academic community. Students receive hands-on support in learning college systems and environments, reflect on themselves as learners and establish personal goals for their time at Berea College, and connect with classmates who are also transitioning and develop skills and strategies that will support their success in college. The class meets once a week for fifty-minutes and is a quarter credit.

When completing the Online Orientation in May, students are provided with the course description for GST 101 and asked if they would be interested in taking the course. Students who respond “yes” are placed in a section of the course on a space available basis. Students who are enrolled in Berea Bridge-In or admitted into the Emerging Scholars Program (ESP) are typically not enrolled in the course, though some exceptions do exist.

Hispanic Students

Domestic students who chose "Hispanic or Latino or Spanish Origin" as their ethnicity (regardless of the race they indicated). This does NOT include F-1 International students.

In-Territory Designations

In-Territory: Students who come from much of the Appalachian region and all of Kentucky within the blue area in the map below. In-Territory also includes permanent residents (a non-citizen who has formally established residency in the United States) and refugees who reside in the territory. Twenty-two counties in Tennessee were added in January 2017. The entering class of 2018 will be the first class to be recruited from the new territory. **Students from these counties who entered prior to Fall Term 2018 will be counted/reported as Out-of-Territory.**

Out-of-Territory: Students who come from outside the In-Territory area, including U.S. Citizens living in foreign countries. Out-of-Territory also includes permanent residents (a non-citizen who has formally established residency in the U.S.) and refugees who reside out of the territory.

F-1 International: Students who are not U.S. Citizens, permanent residents, or refugees, and are attending the college under an F-1 visa issued by the U.S. Department of State.

DEFINITIONS AND DESCRIPTIONS

Male Initiative Courses

Berea College offers three Male Initiative courses which focus on supporting the college transition of males from three distinct populations – African-American males, Latino males, and males from Appalachian At-Risk or Distressed Counties. These courses weave college readiness and success discussions with conversations about culture, race, and identity aimed at helping students gain a better understanding of how their unique heritage contributes to who they are today and providing them with support throughout their first year on campus.

Students from these target groups are enrolled in one of three courses – AFT 186: Models and Mentors for Success for our African-American students, APS 121: Appalachian Cultures for males from Appalachian At-Risk or Distressed Counties, and GST 186: Latino Males in Higher Education. Students are enrolled in the courses automatically based on their self-identified demographics, but have the option of dropping the course once on campus and after a conversation with their academic advisor.

Non-Traditional Students

A non-traditional student is defined as being 24 years of age or older and/or married and/or has a child/children/legal dependent. Domestic students complete the FAFSA (Free Application for Federal Student Aid) which verifies this status. International students are not included in the non-traditional student counts.

Fall 2017	432	73	16.9%	28	38.4%	27	37.0%	18	24.7%

EXPLANATION: In Fall 2017, 38.4% (28 students) of the total withdrawals/dismissals for the year were in the Fall Term; an additional 37.0% (27 students) withdrew/were dismissed in Spring Term.

*In academic years 2008-2009 and 2009-2010, Short Term (in January) was still in place.

**There was another withdrawal in the Spring Term, but the student returned in Fall 2017, so they retained and therefore not included in the total withdrawals/dismissals.

*Denotes cohort numbers that have been adjusted due to the death of a student. In each case, the number in the cohort has been reduced by one (1995,2007, 2013, & 2015 by 2; 2014 by 3).

NOTE: For all years reported above, the percent retained represents both students who re-enrolled at the beginning of each year as well as those students granted a "leave of absence." Students who do not return from official leaves are not counted as withdrawn until they fail to re-enroll after their leaves.

*Denotes cohort numbers that have been adjusted due to the death of a student. In each case, the number in the cohort has been reduced by one.

**One student graduated in May of their first year.

NOTE: For all years reported above, the percent retained represents both students who re-enrolled at the beginning of each year as well as those students granted a "leave of absence." Students who do not return from official leaves are not counted as withdrawn until they fail to re-enroll after their leaves.

Graduation

Graduation Highlights

Most Recent 6-Year Graduation Rate for 2012 First-Year Students (Prior Three-Year Average - 2009, 2010, and 2011 First-Year Students)

*Students who identified themselves as "Black or African American" alone or in combination with another race.

**Domestic students who chose "Hispanic or Latino or Spanish Origin" as their ethnicity (regardless of the race they indicated). This does NOT include F-1 International Students.

***First Generation is defined as, "neither parent/guardian has completed a college degree."

****These are designations given to Appalachian counties from the Appalachian Regional Commission. Distressed counties are the most economically depressed counties (worst 10%). At-Risk counties are those at risk of becoming economically distressed (worst 10-25%).
