

HOW TO ACCESS YOUR BEREA COLLEGE ALUMNI EMAIL ACCOUNT

After graduation your Berea college email account will be converted into an alumni account. All your existing email will be migrated into your new alumni account. You will receive an email when the process begins. Your new Alumni account will look similar to your Berea College student account with the following differences:

Your old Berea College student account:

username@berea.edu

Your new Berea College Alumni account:

username@bereaalumni.org

The username should stay exactly as it is for you currently and is typically your last name followed by your first initial. Please note that you will not be able to log in as “firstname_lastname”. You must use the username version for logging in.

To log into your new Berea College Alumni Account, please go to www.outlook.com. And use your full alumni account email address as the username.

That's it! You now have access to your Berea College Alumni Account! Congratulations on your graduation from Berea College!
