

2017-2018 PHYSICS MINOR

(Minimum of five course credits)

A Physics minor provides a solid foundation in physics to non-physics majors who may wish to apply the analytical skills and principles of physics to their own field of study. The Physics minor may be of interest to students wishing to enhance their understanding of physical phenomena, and may be particularly useful for majors such as Biology, Chemistry, Computer Science, and Mathematics.

Requirements

The following three (3) courses:

PHY 221: <i>Introductory Physics I with Calculus*</i>	_____	1
PHY 222: <i>Introductory Physics II with Calculus*</i>	_____	1
<i>*NOTE: PHY 127/128 may be substituted for PHY 221/222 with permission of Program Chair.</i>		
PHY 320: <i>Modern Physics</i>	_____	1

AND

Two (2) required distribution course credits chosen from the following: PHY 111, 130, 321, 330, 335, 365, 460, 481, 482, 485, and 485.

_____	_____	1
